

All-Weather Floor Mats, Black, 4-pc.

\$119

Designed to protect the vehicle's original carpeting from dirt, mud, snow and slush, the all-weather floor mats feature a multidimensional surface, custom channel design and perimeter lip that combine to keep clothing and shoes clean, dry and stain-free. All-weather floor mats are custom-fitted to the FJ Cruiser's interior and front mats are embellished with a custom-molded vehicle logo. The mats also lock firmly in place to prevent sliding.

All Weather Cargo Mat, Black

\$99

Cut to an exact fit for maximum coverage, the all-weather cargo mat features a custom-molded multidimensional surface and a perimeter lip to help protect the cargo area carpet by containing dirt, debris and liquids. Featuring a no-slip nibbed backing, the mats also include a molded vehicle logo.

Cargo Net

\$69

Custom-crafted for the vehicle cargo area, the cargo net is designed to hold a variety of everyday items—from groceries to athletic gear—and ensure they don't shift around or tip over. The cargo net features a hammock-style design and durable mesh netting that attaches to defined points in the rear cargo area, making it easily accessible. The cargo net can be installed or detached in seconds, and folds flat for storage when not in use.

Carpet Floor Mats, 4-pc. Set

\$199

Custom-tailored for an exact fit, the carpet floor mats are constructed of high-grade plush nylon carpet, color-matched to the vehicle's interior and include an embroidered FJ Cruiser logo. An aggressive underside no-slip backing features a "nib" texture and retention clip to help keep the mats in position. The mats protect the FJ Cruiser's original carpet from premature wear and stains. They're also removable and easy to clean.

Molded Dash Appliques, 5-pc. Kit

\$395

Five-piece, high-gloss simulated steel plating molded dash appliqué kit includes molded center dash piece and matching molded pieces for all four doors. Manufactured with advanced thermal forming, the appliqué kit is precision-designed and manufactured for accuracy of fit, creating a uniquely rugged appearance integrated throughout the FJ Cruiser interior.

Center Armrest, Passenger Side

\$159

The armrest offers added comfort. Molded of ABS plastic with a soft fabric cushion.

Rear Door Storage Net

\$99

Featuring a pane-style pocket, the rear door storage net is custom-crafted to extend across the top or bottom of the FJ Cruiser's rear door, providing an additional option for storing and securing a variety of smaller items such as maps, flashlights, cables, first aid kit or groceries.

FJ CRUISER

Spare Tire Cover

\$189

This stylish hybrid cover with molded FJ logo adds a finishing touch to the rear of your FJ while keeping your spare tire safe and clean. It combines a hard outer shell with soft vinyl sides for easy installation and removal.

Roof Rack

\$749

The black powder and e-coated roof rack can carry loads up to 150 lbs. The aluminum tubing basket style offers you a handy platform for carrying your gear, while the sliding front crossbar adds flexibility to carry a range of attachments. Requires FJ specific attachment adapters

Rock Rails

\$745

Heavy duty steel rock rails protect the FJ Cruiser's undercarriage frame from damage that can occur during off-road driving. Welded robotically (rather than manually) to ensure precise fit to the vehicle, the rock rails meet or exceed all Toyota durability testing.

Tow Hitch, with wiring harness

\$459

Every Genuine Toyota tow hitch features a model-specific design that's precisely engineered to achieve the vehicle's safest maximum tow rating. The tow hitch mounts to the frame of the vehicle as part of the complete Toyota towing system and is subject to an uncompromising design, testing and manufacturing process. By the time Toyota puts a towing system on a vehicle, each of its components have undergone extensive analysis and testing in order to ensure its capabilities.

Front Skid Plate

\$425

Designed to help protect the FJ Cruiser's underbody from damage that could occur as a result of flying stones, branches, ice chunks or other types of road debris, the one-piece front skid plate is made from 3/16"-thick stamped and formed heavy duty silver powder-coated aluminum. Black coated steel brackets help provide a durable, corrosion-resistant attachment directly to existing vehicle body mounts and sturdy support for skid plate.

Brush Guard

\$649

The brush guard features a rugged steel grille guard assembly of 1 1/4-inch steel tubing, designed to provide a higher level of protection for the front grille, headlamps and hood during off-road use. Ensures uncompromised functionality of cooling system, as well as turn signals, side marker lights and headlights. Black-coated steel brackets provide secure attachment to vehicle and support grille guard.

Auxiliary Driving Lights (Brush Guard)

\$419

The brush guard-mounted auxiliary driving lights feature two 6" round lights with 55-watt bulbs, along with an aluminum vapor-coated reflector in a high-impact black ABS plastic housing. Designed to provide enhanced lighting for driving in foggy, hazy or off-road conditions, the auxiliary driving lights emit a wider beam that lights a deeper path through the elements for increased visibility.

Auxiliary Driving Lights (Bumper Mount)

\$449

The bumper-mounted auxiliary driving lights feature two 6" round lights with 55-watt bulbs, along with an aluminum vapor-coated reflector in a high-impact black ABS plastic housing. Designed to provide enhanced lighting for driving in foggy, hazy or off-road conditions, the auxiliary driving lights emit a wider beam that lights a deeper path through the elements for increased visibility.

Exhaust, TRD Cat-Back Exhaust System

\$595

Meticulously engineered to be street-legal, while also delivering greater power and tuned for ideal resonance, the easy-to-install TRD cat-back exhaust system adds a distinctive edge to the FJ Cruiser. Features a stainless steel, TRD-logo-etched tip and side exit to maximize departure angle with a unique design that allows for a less restrictive exhaust path resulting in less back pressure—providing an impressive combination of increased horsepower and a deep, throaty growl.

TRD Performance Shocks

\$595
