

### All Weather Floor Mats, 4 pc set

**\$119**

Designed to protect the vehicle's original carpeting from dirt, mud, snow and slush, the all-weather floor mats feature a multidimensional surface, custom channel design and perimeter lip that combine to keep clothing and shoes clean, dry and stain-free. All-weather floor mats are custom-fitted to the Sienna's interior and front mats are embellished with a custom-molded vehicle logo. The mats also lock firmly in place to prevent sliding.

### Auto Dimming Mirror

**\$299**

The automatic-dimming inside mirror relieves drivers from enduring the full glare of headlights from vehicles behind them through the use of two sensors attached to the mirror: a forward-facing light detection sensor, which detects the lighting conditions surrounding the vehicle; and the rear light detection sensor, which detects the light that strikes the inside mirror from behind the vehicle. During nighttime driving, if a difference in intensity exists between the surrounding light and the light reflected off the inside mirror, the auto-dimming feature automatically reduces the reflection rate of the inside mirror to dampen the glare and improve the driver's rear view.

### Cargo Net

**\$69**

Custom-crafted for the vehicle cargo area, the cargo net is designed to hold a variety of everyday items—from groceries to athletic gear—and ensure they don't shift around or tip over. The cargo net features a hammock-style design and durable netting that attaches to defined points in the rear cargo area, making it easily accessible. The cargo net can be installed or detached in seconds, and folds flat for storage when not in use.

A retention clip helps keep the mats in position, preventing them from sliding. The mats protect the Sienna's original carpet from premature wear and stains. They're also removable and easy to clean.

### **Hood Protector**

Designed and engineered specifically for the Sienna, the hood protector helps keep the vehicle's windshield and hood free of debris while driving. The hood protector also safeguards the Sienna's hood's factory paint finish from the damage that can occur during daily use.

Durable front and rear mudguards are designed to integrate with specific vehicle styling, body panels, structure and clearances—while helping to provide protection to vehicle paint from mud and dirt, as well as stone-chipping.
